Print high-quality solid white graphics and text onto dark media—as well as vibrant color onto standard media—easily and cost effectively.

The OKI® C711WT (White Toner) lets you print in crisp white or breathtaking color onto cards and envelopes in a variety of colors and finishes. HD Color Printing and Single Pass Color technologies—with a straight-through paper path—deliver results that ordinarily require expensive manual printing processes.

No more having to send out to third-party print shops to get white lettering or graphics.

The C711WT enables end users to easily print in-house what they need, when they need it.

High-resolution output ensures crisp, clear detail on all media. And, with print speeds of up to 34 ppm on standard paper stock,¹ the C711WT keeps work flowing smoothly.

For day-to-day printing, the C711WT has a 530-sheet internal paper cassette, and prints in color plus black through a mix of Cyan, Magenta and Yellow toner.

Unmatched warranty support – OKI is so confident in the reliable performance of the C711WT Digital Color printer that we provide a 1-Year On-Site limited warranty on the printer² and an industry-leading 5-year warranty on its printheads.

The revolutionary OKI C711WT Digital Color + White Printer is available now through Mountaincow.com.
